

General Terms and Conditions

As of 6/23/09

QUOTATION B&H reserves the right to review pricing and final part drawing before acceptance of any orders. B&H also reserves the right to accept or reject any previously quoted work. Material pricing is based on current market pricing and may be reviewed at time order is placed. No CPK or capability studies are included unless otherwise noted on quotation. Quotations are valid for 30 days and subject to price and delivery changes after such time.

SCHEDULES A schedule or forecast for production parts must be provided by the Buyer. Expedited orders, changes to a schedule, or requests for quantities less than originally quoted could result in a \$250 fee.

DELIVERY Delivery shall be FOB Supplier's Plant unless otherwise noted in quote.

PACKAGING Pricing is quoted as returnable packaging furnished by the Buyer unless otherwise noted in quotation.

SAMPLE PARTS Sample parts made from the tool will be provided to the Buyer after which an approval must be authorized before starting any production orders.

PAYMENT Tooling Payment Terms are to be 1/3 net 30 days after design completion, 1/3 net 30 days after tool build completion, and the final 1/3 net 30 days after final samples and/or PPAP have been received. Part Payment Terms are net 30 days.

ENGINEERING CHANGES If during the tool build or production processes, an engineering change is issued by the Buyer, B&H will evaluate the request and provide price estimates for the change. Changes may also affect lead time on samples and/or production parts. Written acceptance of these charges must be given by the Buyer before B&H will begin making the change.

TRANSFER OF OWNERSHIP Tooling will remain under ownership of B&H until after final tooling payment is received.
